MEMORANDUM FOR: Director, NPIC

Declass Review by NGA.

X1 ATTENTION :

Chief, TP & DS

*JWC*  
*5 Dec 61*

SUBJECT : ADP Staff Support to NPIC

X1 REFERENCE :

Memo frm [ ] for C/ADPS dtd 6 Nov 61,  
subj: "Planning & Preparation for Installation  
of a New Computer at NPIC"

X1 1. I am pleased to respond affirmatively to your request  
that [ ] of the ADP Staff be made available to NPIC  
on a part-time basis for the next several months to assist in  
the planning of NPIC's data reduction system.

2. It is my understanding that [ ] will:

25X

- a. make an independent study of the input and output  
man-machine configuration for machine mensuration  
in support of the photo interpretation effort;
- b. work with NPIC and contractor [ ] personnel to  
formulate and refine the design of the input and  
output man-machine configuration and to determine  
and specify hardware requirements to the end that  
engineering specifications may be written for the  
design and manufacture of the input and output  
equipment;
- c. prepare a narrative account of the input and output  
man-machine configuration as an aid to the PI's  
understanding of the man-machine relationship in  
the total system and how he will participate in and  
gain from this relationship.

25X

X1 3. [ ] will be freed from other activities to spend  
up to 50% of her time on the NPIC effort. The scheduling of her  
time in support of NPIC must remain sufficiently flexible,  
however, to enable her to carry out her remaining duties on the  
ADP Staff.

25X

[ ]  
Chief, CIA Automatic Data Processing Staff
